

Getting Started with OnDMARC

All you need to know about the process of getting your domain secured with DMARC, from registration through to full protection.

Step 1 - Registration

The first step is to visit www.lawyerchecker.co.uk and register for OnDMARC. To go directly to the OnDMARC registration page, [click here](#).

What happens?

- 🛡️ You sign our Terms & Conditions
- 🛡️ You setup a Direct Debit and are charged £50.00 to cover [Step 2 - The Discovery Call](#), and [Step 3 - The 7 Day Discovery Phase](#).

The outcome.

- 🛡️ Your [Discovery Call](#) is scheduled with a support specialist. You'll need to have a few details to hand for the call which dedicated support specialist will confirm when booking

Step 2 - The Discovery Call

This is a call scheduled between yourself and your support specialist to find out some details regarding your IT setup

What happens?

- 🛡️ You tell us a few details on the domains you're looking to protect
- 🛡️ You're given your DMARC reporting record
- 🛡️ You'll need to then provide this to whoever manages your domain's DNS settings

The outcome.

- 🛡️ Your [7 Day Discovery Phase](#) will begin!

Step 3 - 7 Day Discovery Phase

This happens as soon as you implement the DMARC Reporting Record on your domain's DNS settings

What happens?

- 🛡️ We monitor your email over the next 7 days to see volume of traffic along with where and what services are sending emails appearing from your domain

The outcome.

- 🛡️ You will receive a proposal along with a full quote for protecting your email via OnDMARC. There is no commitment at this point to the quote, the only cost will have been the £50.00 to cover the cost of the [Discovery Call](#) and [7-Day Discovery Phase](#).

Pricing

If you choose to proceed with OnDMARC you will be subject to a one-off setup fee of £250.00 per domain you protect.

There will also be a monthly fee for the OnDMARC product with a commitment to 12 months subscription. This fee is based on your email traffic and the number of domains being protected.
